

New steps in connection with Ramsay Santé contemplated free-float expansion: Ramsay Santé successfully completes its senior debt refinancing and convenes a Capital Markets Day on 17 September 2026

- **Enhanced financial flexibility supporting long term strategic ambitions**
- **Application for listing of CHESS Depositary Interests (“CDIs”) tradeable on the Australian Securities Exchange (“ASX”)**
- **Appointment of ECM financial advisors in connection with Ramsay Health Care’s (“RHC”) proposed distribution**

Successful completion of the senior debt refinancing

Ramsay Santé today announces the closing of its €1.75 billion refinancing launched on June 24th comprising a €1.55 billion Term Loan B and a €200 million revolving credit facility. The new Term Loan B was successfully priced at E+350bps / 99.0 OID, anchored by both new and existing lenders.

This refinancing will enhance the group’s financial flexibility, extending senior debt maturities from 2031 to 2033 and simplify its capital structure by refinancing the €100 million Euro PP notes maturing in 2028 and 2029. It also pre-emptively preserves the continuity and stability of its financing arrangements, with a change of control provision structured to accommodate the contemplated distribution of RHC’s 52.79% shareholding in Ramsay Santé to RHC shareholders by way of an in-specie distribution¹. Such refinancing will provide Ramsay Santé and all its stakeholders with a long-term financing framework and strengthen the group’s capacity to pursue its long-term ambitions.

This transaction was arranged by BNP Paribas and Crédit Agricole CIB acting as Global Coordinators and Joint Active Bookrunners, together with Natixis CIB acting as Joint Active Bookrunner.

¹ Distribution expected to be implemented in December 2026, subject to the satisfaction of customary conditions including RHC Board and shareholders, Australian court and regulatory approvals.

Ramsay Santé to hold a Capital Markets Day on 17th September 2026

Ramsay Santé will host a Capital Markets Day on 17th September 2026 in Paris, at which senior management will present to investors and research analysts the group's next strategic roadmap, operational priorities and medium-term financial ambitions. This event will give the opportunity to showcase the group's renewed ambition to pursue profitable growth while continuing to deliver excellent patient care, supported by a new and broader shareholding and driven by the talent and commitment of all its employees and medical partners.

The Capital Markets Day may be attended in person and will be broadcast live; registration details will follow and presentation materials will be made available at www.ramsaysante.eu.

Application for listing as CDIs tradeable on the ASX

Ramsay Santé intends to apply for a foreign exempt listing on the ASX, and to put in place arrangements so that RHC shareholders may hold their interest in Ramsay Santé through CDIs, which would be tradeable on the ASX, subject to all applicable approvals. A CDI would provide the equivalent economic exposure and voting entitlement as an ordinary listed share in Ramsay Santé.
